Naples, July 10. *N. S.*

THE Inhabitants of the *Abruzzo* have complained to this Government of the great number of Troops quartered upon them, moſt of the Forces of this Kingdom being ſent into that Province; whereupon Orders are given for two Troops of Horſe to return from thence to their Quarters near this Place, and it is ſaid more are to follow. Several Towns in thoſe Parts have ſuffered very much by the Earthquakes which happened in the beginning of this Month. The Conde *de Lemos*, Viceroy of *Sardinia*, has ſent an Officer hither to buy Arms and Ammunition for the Defence of that Iſland. He was alſo ordered to deſire of our Viceroy a Supply of Men, to reinforce the Garriſons there; but he was anſwered, That there are no Troops to be ſpared from hence. The Duke of *Matalona*, of the Family of *Caraffa*, and the Duke *della Regina*, died here a few days ago.

Genoua, July 10. Some days ago the Doors and Walls of divers Houſes in this City were marked in the night time with a yellow Paint, and the like was done in the ſame night in ſeveral Towns of *Savoy* and *Piedmont*. Our Magiſtrates, being ſurpriſed at this odd Accident, have made very diligent Enquiry after the Perſons that were concerned in it, and their Deſign, but have not been able to make any Diſcovery of either, though they have not been wanting to encourage it, by the promiſe of a conſiderable Reward to any Perſon that would give any Account of the Matter. The Tide of Ebb was ſo low yeſterday morning, that it left our Mole dry for ſeveral hours, which had not been known in the Memory of Man. There are Letters from *Spain* which ſay, the Viceroy of *Catalonia* had writ to the Court at *Madrid*, that the Deputies of that Province had demanded in a threatning manner, that their Privileges might be confirmed within a certain time; whereupon the Council had met, and a Courier was immediately diſpatched with an Anſwer, the Contents whereof were not known, only it was ſaid, that the Marſhal *de Montrevel* was to march thither from the *Sevennes* with a Detachment of 6000 Men, to keep the People in awe, and prevent an Inſurrection: Of all which we expect a more certain Account.

[illegible] This Court is greatly diſ[illegible] the Diſorders committed by the [illegible] Territories of the Eccleſiaſtical [illegible] with the Interruption which is given to the Trade in theſe Parts by the *French* Frigats cruizing in the *Adriatick* Sea: The Pope and his Miniſters have ſeveral times repreſented the ſame to the Cardinal *Fabbir*, who has always aſſured them, That thoſe Matters ſhould be forthwith redreſſed, and the like occaſion ſhould not be given for the future by the Officers of the King his Maſter, for any Complaints of this nature; but we have not yet received any Eaſe, notwithſtanding theſe Promiſes. Signior *San Vitale*, who was Vice-Legate of *Avignon*, is appointed to go with the Character of the Pope's Nuncio to the Great Duke of *Tuſcany*.

Warſaw, July 24. The King of *Poland* parted from *Lublin* the 18th Inſtant, and arrived the 20th at *Ocſoc*, a Country Houſe belonging to the Sieur *Bielinky*, the Great Marſhal of the Crown, about 5 Leagues from this Place, and his Servants and Equipage came thither the 22d. The Pope's Nuncio, and the Weywoode of *Podlachia*, with ſeveral other Perſons of Quality, are gone from hence to wait upon His Majeſty. The Forces of the Crown, and thoſe of *Lithuania*, are encamped in the Neighbourhood of a Town called *Opina-Gura*, and frequently ſend out Parties againſt the *Swedes*, whoſe main Army continues in the ſame Camp before *Thoorn*.

Edinburgh, Auguſt 5. By ſome *Dutch* Herring Buſſes which came into the *Fryth* the 31ſt paſt at night and the next morning, we have an Account, That their Convoy, which conſiſted of 5 Men of War, had been attacked off of *Aberdeen* by 7 *French* Men of War, and a Tender of 8 or 10 Guns, who took 4 of them, and 4 or 5 of the Buſſes; but theſe Prizes having received ſo much Damage in the Engagement, that they could not keep up with the Enemy's Ships, they put all the Men they had taken Priſoners on board 2 of the Buſſes, which are ſince come in here, and burnt the reſt of their Prizes. The other *Dutch* Man of War, with the remainder of their Fleet, are all come ſafe into our *Fryth*.

Falmouth, Auguſt 7. On the 3d Inſtant the *Zelandia* a *Fluſhing* Privateer, ſent in here a Fly-boat of *Hamburgh*, *Henry Cloys* Maſter, bound home with Wine, Iron and Wooll, from *Bilboa*; The ſame day the *Two Brothers*, another *Dutch* Privateer, ſent in a *French* Prize belonging to *Rochell*, laden with Wine and Salt. The 4th came in here Her Majeſty's Ships the *Dolphin* and the *Haſtings*, from *Milford*, with part of the Fleet of Colliers from *Wales*, being about 30 Sail;
